Hotel Martha Washington

"THE WORLD-FAMOUS WOMAN'S HOTEL"

29 E. 29th Street,

Just off 5th Avenue

New York City

ISN'T IT COMFORTING to know that there is **one** hotel in New York devoted entirely to the interests of "Mere Woman?" Almost everywhere you go, you find that such and such a convenience is made because "men like it that way," but in the Hotel Martha Washington men's desires are never questioned. Here there is only one question of interest, and that is, "What can we do to increase the comfort and happiness of guests?" Nearly all our employees are women, and they, too, are on the watch for the answer to this question. Our one big idea is SERVICE.

From our 500 spotless rooms you may select one at \$1.50 per day and up; \$1.00 per day each where several take a large room together. We serve an excellent Table d'hôte luncheon at 40 cents and dinner at 50 cents.

Booklet and additional information sent upon request.

Red Cross Shoe

TRADE MARK

Comfortable, Flexible Noiseless Shoes for Women

Red Cross shoes differ from other Comfort shoes—you can get them in neat regular styles of normal appearance as well as in the Common Sense shapes. Red Cross Soles (*tanned by a special process*) are flexible. They follow every movement of the foot as a glove follows every movement of the hand—eliminating the rubbing, chafing and burning caused by stiff-soled shoes.

BORDEN'S

Extra Heavy

CREAM

is the kind that will always "whip." It is a rich, heavy cream, lending to coffee that full, round flavor that doubles the delights of your favorite drink. The consistency of this product is due to its natural richness. Nothing whatever is added to it.

AMERICAN RED CROSS

Neutrality NURSING SERVICE Humanity

OVER 6,600 ENROLLED NURSES ARE MEMBERS OF THE AMERICAN RED CROSS

One of the most important duties devolving upon the Red Cross is to provide nurses in time of war and calamity.

To be eligible for enrollment, an applicant must have had at least a two years' course of training received in a general hospital which includes the care of men and has a daily average of at least fifty patients during the applicant's training. Upon recommendation of the local committee, subsequent hospital experience or post-graduate work which seems to supply deficiencies of training, may be accepted as an equivalent by the National Committee. Graduates of Hospitals for the Insane are not eligible for enrollment unless their experience includes at least nine months' training in a general hospital, either during their course of training or subsequent thereto. In States where registration is provided for by law, an applicant, to be eligible for enrollment, must be registered.

A proclamation issued by the President of the United States in 1911 states that the American Red Cross is the only volunteer Society authorized by the government to render aid to the land and naval forces in time of war. Enrolled Red Cross nurses constitute the reserve of the Army and Navy Nurse Corps.

Manhattan nurses desiring to be enrolled as Red Cross Nurses for War and Emergency Relief Work should apply to Miss Anna M. Charlton, Secretary, Manhattan Local Committee on Red Cross Nursing Service, 303 East 20th Street, New York City.

Brooklyn applications should be made to Mrs. A. A. R. Henrichsen, Secretary, Brooklyn Local Committee on Red Cross Nursing Service, Shore Road, Bay Ridge, Brooklyn.

Miss Jane A. Delano, Chairman National Committee on Red Cross Nursing Service, 1624 H Street, N. W., Washington, D. C.

BORDEN'S SERVICE

is without doubt the most comprehensive organization of its kind in the world. This is a sweeping statement, and we prefer to understate rather than exaggerate. But a fact is a fact, and as this is an interesting one, there is surely no harm in telling it.

Pure Air is Essential to Health. No other institution affords it as does the

STEUBEN SANITARIUM

AT HORNELL, N. Y.

Pure Water, Pure Food, Perfect Hygienic Surroundings.

OBJECTS—To furnish those who are ill or in need of rest and recreation, a home provided with every facility necessary for their proper care.

To supplement the work of the general practitioner by having the means at command which he cannot possess, and which are many times essential to the successful treatment of serious cases.

To use all methods known to legitimate medicine to restore health and to teach the principles that maintain it.

Every form of physical therapy. Beautiful scenery. Thoroughly established. Moderate rates. Kindly investigate.

BORDEN'S Extra Heavy CREAM

is the kind that will always "whip." It is a rich, heavy cream, lending to coffee that full, round flavor that doubles the delights of your favorite drink. The consistency of this product is due to its natural richness. Nothing whatever is added to it.

PHYSICIANS! THE PLACE YOU WANT TO KNOW ABOUT

The Mac Levy System

New Health Farm: BABYLON, L. I.

Open Air Gymnasium: 352 4th AVE., NEW YORK CITY

Physical exercise scientifically directed, combined with baths and massage, can be a material aid to physicians in their treatment of many patients.

Neurasthenic, overworked, worried and anemic city people, run down from social or business activities, can be particularly benefited by a Mac Levy course of physical exercise taken as an adjunct to their physician's treatment.

Alcoholic and Drug habitues in a convalescent stage require physical upbuilding to restore normal health conditions and the strength of mind and body that are essential for a permanent cure.

Many physicians are sending their cases to me for physical rejuvenation.

THE MAC LEVY HEALTH FARM at Babylon provides a carefully conducted establishment where patients requiring exercise, sunshine, fresh air baths and proper food will be treated in accordance with their own physician's suggestions. This is not a sanitarium, however, it is just a wholesome place where tired people get rested and sick people get strength—where there is no monotony and every convenience for comfort.

THE CITY GYMNASIUM on the roof of the 18-story building at 352 Fourth Avenue has the most modern equipment; baths and massage treatment are given and competent gymnasium instructors are in attendance. This should have a particular value to the physician with a patient who has "no time to get away."

Professional references given and cases from the Medical profession respectfully solicited. Physicians' inspection of our establishments invited. Send for circular.

Which Mineral Oil is Best for Medical and Surgical Use

?

1. That oil which is free from paraffin and all toxic, irritating or otherwise undesirable elements, such as anthracene, phenanthrene, chrysene, phenols, oxidized acid and basic bodies, organic sulphur compounds and foreign inorganic matter; because an oil of such purity will pass through the gastro-intestinal tract without causing irritation or other untoward effects.

2. That oil which possesses the highest natural viscosity, with the highest specific gravity, because such an oil will pass through the intestine more slowly than a lighter and thinner oil and lubricate the walls of the gut more completely, and soften faeces more effectually, and is not likely to produce dribbling.

3. That oil which is really colorless, odorless and tasteless, because palatability favors persistence in treatment.

The oil which meets all these requirements is

J. B. L.

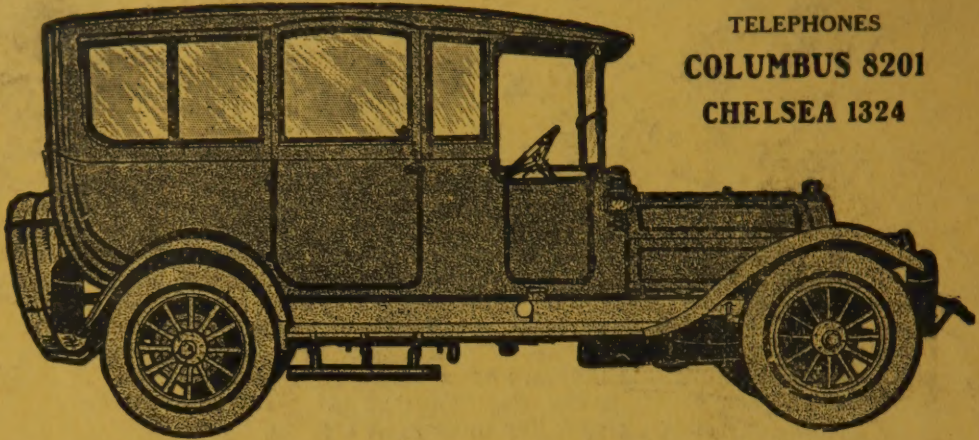

Liquid Petrolatum, Squibb Heavy (Californian)

It is a pure, colorless, odorless and tasteless **Mineral Oil**, specially refined under our control only by the STANDARD OIL COMPANY OF CALIFORNIA, which has no connection with any other Standard Oil Company. This oil has the very high specific gravity of 0.886 to 0.892 at 15°C. (or 0.881 to 0.887 at 25°C.) and has also an exceptionally high natural viscosity. It is sold solely under the Squibb label and guaranty and may be had at all leading drug stores.
